HS HAZ Project Team. Please include your name, contact details (phone number and postal address) and details of your enquiry.

## **Final Project delivery update:**

We are pleased to share in our final construction update, that the main construction works for Phase 2B Keynsham HS HAZ Keynsham Temple Street Improvements have been completed ahead of schedule. We wanted to thank residents, business and landowners for their patience and support during the construction programme.

The parking suspension and temporary lights for traffic management were removed and the space fully re-opened in the week commencing 24 April. There are a few small remaining tasks to complete. This includes small items like re-oiling the recycled benches outside Simply Carpets to the completion of a Stage 3 Road Safety Audit.

In mid-June the installation of Phase 2A will conclude with new planters, cycle parking and parklets on the east side of the street (Town Council office side). This will conclude the public realm works for the Keynsham HS HAZ Project.

The HiKeynsham website will also be the source of the most up to date project information. We continue to encourage residents and businesses to keep an eye on the [project webpage](#). There will be a community planting day in mid-June, that will be announced on the [What's-On](#) pages in the next coming weeks and the Local Business Directory is available on the [Do-Visit-Shop-Eat](#) page. This website will also contain more information in due course about as and when further funding is secured for future phases and bringing vacant units back into use, as well as more information about successful local grant projects.

Information supplied by the Keynsham HS HAZ Project Team.
